06/28/2007 FOR IMMEDIATE RELEASE:

Savage Range Systems completes Gwinnett County Police Training Complex project.

WESTFIELD, MA: **Savage Range Systems, Inc.**, manufacturers of indoor and outdoor shooting ranges, bullet traps, targetry and shoot houses, recently completed the Gwinnett County Police Training Facility in Lawrenceville, Georgia. The largest facility of its type east of the Mississippi, will train over 100 new police recruits annually and provide quarterly in-service qualification training for over 650 officers.

Savage Range Systems was contracted to supply the entire range package featuring the Model 800 Dry Snail Traps with Automatic Bullet Recovery Systems, including static, turning and running man target systems. Both ranges, containing a total of 30 shooting lanes, are fully baffled for tactical shooting. The two ranges measuring 132 and 88 linear feet wide, consumed over 500,000 pounds of AR500 steel plate.
