03/14/07 FOR IMMEDIATE RELEASE:

Savage Range Systems presentation at SHOT Show now available on CD

WESTFIELD, MA: Savage Range Systems, Inc., sister company to Savage Arms, is pleased to offer a copy of Joan Terry Drucker's SHOT Show University Shooting Range Development presentation entitled: "Where Do I Start?"

This generic presentation outlines the basics when it comes to starting a shooting range. According to Drucker, "So many people call us and just don't know where to start. There is so much more than just the equipment." SHOT Show University is a good start.

Drucker also encourages range developers to attend the 5-day NRA Range Development Seminars, which are held in four locations in 2007. The next one is in Nashville, TN.

To order an online pdf version of the CD, please write snailtraps@savagearms.com and request "Where Do I start? CD", or write Savage Range Systems, Inc., 100 Springdale Road, Westfield, MA 01085 for a CD.
